Preferred/Endorsed Partnerships and Select Customers

Why Partner with Renue Systems for your Deep Cleaning and Restoration Needs?

Improve Profitability

- **Increase Asset Longevity** – carpet manufacturers claim that deep cleaning extends a carpet's life; for every \$1 spent per year on professional cleaning, capital expenditures of \$25 can be deferred
- **Raise Customer Satisfaction** – studies show that due to more favorable customer reviews even a small improvement in hotel cleanliness leads to increased occupancy and room rates, resulting in significantly higher profits

Enhance Quality

- **Customer Service Focused** – almost every customer is serviced directly by our local office owner-operator who has a strong incentive to maintain solid relationships and top results
- **Quality Commitment** – through our Quality Guarantee, we ensure superior results and service; all work is performed by highly trained employee team members utilizing proprietary equipment and chemicals designed exclusively for hotels
- **Enviably Reputation** – we are known as trusted, high quality and reliable experts to handle all our customers' deep restorative cleaning needs and increase their annual QA scores

Ease Management Concerns

- **Greater Efficiency** – due to our expertly trained staff and superior chemicals and equipment, we typically out-produce in-house staff and other cleaning companies by at least 2 to 1, enabling the hotel to benefit from selling clean rooms more quickly and allowing its employees to focus elsewhere
- **Highly Responsive** – in addition to handling scheduled maintenance requirements, we are available to address short-notice, emergency situations such as floods, stains, odors, VIP visits and QA audits
- **"Go-to Partner"** – our customers know we will do our best to meet any need at any time
- **Payment Plan Availability** – we offer long-term, flexible plans to work within our customers' constraints
