

Brand Overview

Over 40 Years of Inspiring Well-Being

OSIM is the leading brand in premium massage chairs in Asia and a pioneer in the Wellness Tech industry. Since our founding in 1979, we have been at the forefront of research, development and innovation with the aim of enhancing consumers' overall health and well-being.

Our focus on developing Intellectual Property in the well-being sector defines our brands, designs, technologies and retail concepts, as well as shapes our comprehensive range of innovative products. OSIM's integrated omnichannel brand experience offers a one-stop hub, empowering customers to manage their well-being and live healthier and happier lives.

Mission of OSIM

Delighting our customers through OSIM innovation and experience, and empowering them to take control of their well-being to live healthier, happier lives

Vision of OSIM

The Global Leader in Well-being and Healthy Lifestyle Products

A Global Leader

OSIM operates a wide multichannel point-of-sales network. We have a global footprint with more than 40 online marketplaces and 454 retail stores, in more than 99 cities across 26 countries in Asia, Oceania, the Middle East, Europe and North America.

Wellness Tech Ecosystem

OSIM's core business is anchored on a user-centric wellness ecosystem of synergistic products, solutions, services and app, providing customers with a holistic digitalized well-being experience.

To achieve this, OSIM continues to push boundaries relentlessly through product and digital innovations with users' well-being in mind.

Innovative and Patented Technologies

Core to our mission, we seek to always understand our customers ever changing needs, delivering new experiences that inspire well-being. Through continuous innovation, we leverage on new technologies to develop well-being products that are rich in features and excellent in quality.

AI Stress Analysis

Stress Level

LOW HIGH

Uses electrocardiogram technology (ECG) to accurately measure stress signals of the body, and an AI-powered biometric algorithm to determine the Body Tension Score.

Patented 4-Hand Massage & V-Hand™ Massage

The V-Hand™ massage offers ultra-realistic knead and grip motion, while the 4-Hand massage is akin to two masseuses massaging the upper and lower body in perfect harmony.

World's 1st Gaming Chair with Massage

Designed for gamers, OSIM transforms the gaming experience with the uThrone series, that combines massage technologies and ergonomic comfort.

World's 1st Smart Sofa with 8 Transformation Modes

The uDiva 3 is designed with a versatile backrest and convertible footrest, that can be transformed into 8 different modes to maximize lifestyle enjoyment.

Quality, Performance and Safety

Our healthy lifestyle products are made in a rigorous production setting with strict quality control to ensure excellent performance quality. Conformed to worldwide health and safety regulations, our products bring peace of mind to our customers and their families.

Leadership in Design

Balancing form and function, our award-winning product designs embody technology and quality materials to exceed our customers' expectations. Our aesthetically designed creations, easily blends into all modern living spaces.
